THE SCHOOL DISTRICT OF

NORTH FOND DU LAC

#oriolenation

DISTRICT MISSION STATEMENT

The North Fond du Lac School District, in cooperation with the community, is committed to providing an outstanding educational program in a safe and nurturing environment built upon mutual trust and respect, and designed so all individuals become lifelong learners.

MESSAGE FROM THE PRINCIPAL

Welcome to Bessie Allen Middle School! Our Handbook is reviewed and written annually as a cooperative effort among our students, parents, staff, and administration to inform and educate our entire community of learners with the necessary information to safely operate our school. It is vital for all of our students and parents/guardians to read the information and follow the procedures contained in this Handbook to maximize our learning environment. *Due to the uncertainties brought about by the COVID-19 pandemic, we will provide addendums to certain policies in this Handbook in italics and usually right below the topic in question.*

Our goal is to provide your child with countless opportunities to grow socially, academically, athletically, and emotionally. B.A.M.S. has an incredible staff that will embrace and challenge your child as we all work together for the success of all. Please take advantage of the opportunities for you to be involved in your child's education. I strongly encourage you to contact your teachers or myself if you have any questions, concerns, or ideas.

Sincerely,

Mike González

Principal – Bessie Allen Middle School

mgonzalez@nfdlschools.org

SCHOOL NAME

Bessie Allen Middle School is named for Miss Bessie I. Allen, who was a member of the North Fond du Lac Faculty for twenty-nine years. Miss Allen served in the capacity of teacher in grades 5, 6 and 7 from 1930 to 1959. In April of 1963 the District Board of Education expressed deep-felt thanks for the citizens of the community to Miss Allen for her teaching service. A Citation of Honor was presented to Miss Allen certifying the naming of Bessie Allen School in her honor.

Students to be Featured by the News Media

Occasionally the news media (radio, television and the newspaper) visit the schools to take photographs, make videos, do interviews and/or write articles relating to special events, programs and projects. These media activities in the schools are conducted with the supervision of school personnel. This publicity is welcomed since we are proud of our school events and interested in sharing positive news with the public. If for any reason you **do not** wish to have your son or daughter featured by the media, or on the school's website, or on other web media, please notify the school office in writing. A letter to the principal to indicate that you do not wish to have your child included in the publicity.

ATTENDANCE: NON-PANDEMIC POLICY

ATTENDANCE PROCEDURES: All students are expected to attend school regularly and be on time for class in order to attain maximum benefit from classroom instruction. Good attendance develops punctuality, self-discipline, and responsibility. Students who have good attendance generally achieve higher grades, enjoy school more, and are considered more desirable employees.

Responsibility for school attendance: The responsibility for your child's attendance at school rests with the parent or guardian and the student. It must be emphasized that **it is the student's responsibility to seek out the teacher to request make-up work.** Each teacher will advise the student returning to his or her class after an absence what school work must be made up as a result of the student's absence. Non-classroom areas (physical education, etc.) may require the student to make up time missed, either after school or during study halls.

Anticipated or Pre-Excused Absences: Parents may excuse their children for any reason if a written note from parent/guardian is received PRIOR to the absence. Therefore, if a child will not be in school, parents/guardians will be required to submit a handwritten excuse in advance.

Procedure to follow for anticipated or pre-excused absences:

1. A written note signed by the parent/guardian should be given to the office at least one day in advance of the absence. For planned family trips/medical procedures, this should be at least a week in advance.
2. Upon receipt of the above, the student will receive an Anticipated Absence form. The Student must present the form to each teacher for assignments. Assignments must be completed before the absence, or completed after the absence with approval from all the student's teachers. The teachers will initial the form when satisfactory arrangements have been made for the completion of assignments and the form is then returned to the office prior to leaving on the anticipated absence.

Unplanned Absences: If the absence is unexpected, parents/guardians should call the attendance answering machine 920-929-3754 (Ext. 1) and leave a message as soon as they realize their student is going to be absent. The phone call helps us to account for our students on that particular day, however for the absence to be excused, parents will need to follow up with a written note within two days following the absence. The parent/guardian should write the entire excuse. The note should be dated and indicate the student's name, the date(s) of the absence, the reasons for the absence, and be signed by a parent/guardian. A written doctor's excuse is necessary for sickness and medical related absences that last longer than 3 days. School officials reserve the right to contact parents at home or at work to verify details of the absence.

If we have not heard from the parent/guardian of an absent student by 10:00 AM, we will first call home, followed by the parents place of employment (if applicable) and then the third party listed on the student's emergency card.

NOTE: As per Wis. Stat. Act 239 and Wis. Stat. 118.15/16, students will be allowed up to TEN (10) excused absences in a school year for any reason, as long as parents provide written notification to the attendance office. After ten parent/guardian authorized absences, only absences for documented medical or legal appointments will be excused. Failure to provide this documentation will result in the absence being considered unexcused. It is the school administration's responsibility to determine further absences beyond the limit of ten as excused or unexcused. Those decisions will be determined on the basis of school regulations and individual circumstances.

Truancy: State law currently permits 10 days of absence during a school year before such absences are considered unexcused. Wisconsin Act 239 and Municipal Code 15.08 (5) defines a habitual truant as a student who is absent without an acceptable excuse for part or all of any 5 or more days during a school semester. Students arriving late to school or a class after 5 minutes without an acceptable excuse are also considered truant. Parents of students who are truant will be contacted by phone or mail. The principal will determine that best appropriate action to handle multiple or frequent truancies. Actions may include, but are not limited to, verbal reminders, parent meetings, school detentions (at lunch or after school), simple truancy citations, habitual truancy meetings, or referral to juvenile court.

Tardies: Students arriving late within the first 5 minutes of school or the start of any class are considered tardy. Classroom teachers will determine the best appropriate action to handle multiple or frequent tardiness. Actions may include, but are not limited to, school detentions (at lunch or after-school), parent contacts, or referral to principal.

Skyward: You can monitor your student's attendance through the "Family Access" link on Skyward which can be found on our school district website. If you are not signed up for "Family Access" and would like to be, contact the school office to receive a signup form.

****It's important to us that you understand these guidelines. If you have any questions about this policy please call Bessie Allen Middle School (920) 929-3754.****

ATTENDANCE POLICY AMENDMENTS DUE TO COVID-19:

- *If a student enters school, is determined to have a fever, and must leave the premises, this departure will not count towards their allotted limit of ten excused absences for the year. This also applies to students who fall ill during the school day and are required to leave for home. In situations like these, students will have the opportunity to complete their school work via the provided virtual format.*
- *If a student is diagnosed with COVID-19, they will not be allowed to enter the school building until the Health Department clears them from isolation. The School Nurse will also work closely with the families and health department.*
- *If a student has been determined via contact tracing to be exposed to someone with COVID-19, they will be directed by the County Health Department for quarantine guidelines. The School Nurse will also work with the families and Health Department. This will not count towards their allotted limit of ten excused absences for the year, provided that they complete school work via the provided virtual format.*
- *Students too sick to complete their assignments during their COVID-19 quarantine or isolation will have five (5) days to complete their missing assignments upon their official return to school. This can be amended by teacher-student-administrator agreement under special circumstances*

FOOD PROGRAMS: NON-PANDEMIC INFORMATION

LUNCH PROGRAM

Students may elect to eat hot lunch or bag lunch at school. Hot lunch accounts may be added to any day of the week by depositing money in an envelope bearing the student's name and grade in the designated box across from the middle school office door. It is also possible to use one's credit card through an account set up on Skyward Family Access website. Lunch is served in the cafeteria for all grades at Bessie Allen. Those students carrying bag lunches may purchase milk from the cashier. Milk is included with hot lunch.

BREAKFAST PROGRAM

Breakfast will be served starting at 7:40am in the BAMS cafeteria. Breakfast cost \$1.00 (free and reduced eligibility is also applicable to breakfast). Students not eating breakfast can enter the building at 7:50am.

FOOD PROGRAMS: AMENDMENTS DUE TO COVID-19

LUNCH PROGRAM

In the Blended Learning schedule scenario, there will be half of the student body present on any given day. Each grade has their own lunch period with ten-minute passing periods. As a result, students will be socially/physically distanced in the Cafeteria/Nest Area for their lunch. There will be at least two grade-level classrooms open for students to eat if more comfortable in a smaller setting with less people. Aramark and BAMS Custodial Staff will utilize the ten-minute passing period to disinfect each table and touch points in the Cafeteria/Nest Area.

BREAKFAST PROGRAM

Breakfast will be served starting at 7:30am in the BAMS cafeteria. Students will be socially distanced.

ACTIVITIES: NON-PANDEMIC

ATHLETICS: Bessie Allen Middle School offers wrestling, cheer, football, basketball, golf, cross-country, track, and volleyball, in addition to the required physical education classes for all grade levels. Boys football starts the week before the first day of classes. Girls basketball starts in September while the boys basketball season starts in November. Golf is a new sport to BAMS and is offered for both boys and girls in the late spring. Cross-country is also offered beginning in September for both boys and girls. Volleyball for girls is offered in late winter. Wrestling practice begins in January. Cheer is a year-round sport. Coed track season begins in April and ends in May. All schedules offer an opportunity for competition with nearby schools. *Note: These sports seasons may or may not occur during the COVID-19 pandemic. Please look for updates from Mr. Matt Bertram, Athletic Director for NFdL Schools (mbertram@nfdlschools.org)*

It is the policy of the Athletic Department and the Physical Education Department at Bessie Allen that if a student is excused from physical education class for any medical / physical reason, they are not allowed to participate in extracurricular athletic activities for the same duration of the excuse. The interscholastic athletic program will be conducted in accordance with existing Board of Education policies, rules and regulations. While the Board of Education takes great pride in winning, it does not condone "winning at any cost." It discourages any and all pressures that might tend to neglect good sportsmanship and good mental health. At all times, the athletic program must be conducted in such a way as to justify it as an educational activity. All sports activities at the Middle School level are teaching situations. Though competition is a part of the sport, the coaches are working toward the improvement of all players rather than concentrating on the perfection of a limited number of "first team" players. All team participants are required to meet the athletic code and district rules and policies.

CLUBS: Bessie Allen also offers a variety of clubs for students to expand his or her middle school experience. Clubs are continuing to emerge to meet the needs of students. *Note: During the pandemic, clubs should meet virtually, as school buildings close after school until further notice.*

NEW CLUBS: All students are encouraged to create new clubs based on their interests. If interested, please go to the Main Office to obtain forms for proposing a new club or activity at BAMS. New clubs and activities are subject to the BAMS Principal's approval and require an adult volunteer to oversee student members. *Note: During the COVID-19 pandemic, students should consider forming new clubs in a virtual fashion. The process for approval will still be the same.*

ORIOLE LEADERS: This is a leadership group within the school that has three goals for its students. Provide Leadership ~ Provide Service Opportunities ~ Lead School Activities. It is our hope that all of these opportunities will improve upon each member's Character, Citizenship, Excellence, Leadership, and Service.

FIELD TRIPS: Throughout the school year students are provided with opportunities to extend their learning outside of the classroom through "field trips." Parental permission is required for students to take part in field trip activities. An Annual Field Trip Permission form is part of the on-line registration process at the beginning of the school year. A fee is typically charged for these activities; however, families who have difficulty paying these fees should contact their child's School Counselor or Principal to request a reduced or waived fee. Students are expected to follow all school rules while on field trips. *Note: As long as the COVID-19 pandemic exists, there will be no field trips of any kind for BAMS students.*

HARASSMENT and BULLYING STATEMENT

Students are not allowed to harass or haze other students, by any means including but not limited to verbal, written or implied threats. Students who feel they are being harassed should report incidents to the middle school principal. Examples of harassment include, but are not limited to: standing in someone's way, standing too close to another person, brushing against or into another, threats or insults, comments about someone's body, notes, letters, whistling at, rude noises, staring at another, mimicking or mocking, or suggestive body movements. Behavior as described above should be reported to the nearest teacher or to the office staff. Such behavior will be dealt with through the normal disciplinary system with penalties ranging from warnings to possible expulsion.

NON-DISCRIMINATION POLICY

The North Fond du Lac School District does not discriminate against pupils on the basis of sex, race, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional, or learning disability or handicap in its education programs or activities. Federal law prohibits discrimination in employment on the basis of age, race, color, national origin, sex or handicap.

Any questions regarding this policy should be directed to:

Ms. Christine Schultz
1115 Thurke Avenue
North Fond du Lac, WI 54937
Office Phone: 920-929-3750
ext 6143
cschultz@nfdlschools.org

CURRICULUM

6th GRADE CORE CLASSES

Communication Skills 6: Students will practice the skills of reading, writing, thinking, and speaking. The content covered is aligned to the Common Core State Standards for Literacy. Math 6: 6th grade math consists of the Glencoe Math series. This program is aligned to the Common Core State Standards and also has a web-based component that is supported by our student iPads.

Social Studies 6: This class covers the study of the cultures of the world.

Math 6: The class utilizes the Glencoe Math series. This program is aligned to the Common Core State Standards and also has a web-based component that is supported by our student Chromebooks.

Physical Education 6: This comprehensive course is designed to introduce the basics of Health Related Fitness through a variety of experiences. Much of the instruction provided during this course is designed to engage students in activities in order to gain knowledge and skills needed to participate in physical activities outside of school.

Technology Literacy: This class is conducted opposite of Physical Education. This course aims to improve student academic achievement through the use of technology and project based learning. Students will learn how to harness the power of the Internet and digital technology for learning, and to become safe, responsible, and respectful digital citizens.

Science 6: This class bridges the gap between the classroom and the changing world with current examples of science and technology on the move to new frontiers. Students growing up in the age of computers and robotics are made aware of basic science concepts at work in today's technology.

6TH GRADE EXPLORATORY CLASSES (9 weeks each) *These mini-courses are designed to allow students to explore areas of vocational and career interest. They are designed to be introductory only and are relatively short in duration. If a student finds he or she has an interest and talent in an area through these courses, then he or she is better able to determine which courses to take in high school in his or her career preparation.*

Keyboarding 6: This course will provide our students with the opportunity to improve their speed, accuracy, and form in keyboarding and computer use.

General Music 6: Students will gain a basic understanding of music and how it relates to their everyday experience. Students will learn basic music notation, the elements of music, a brief music history lesson, and a music theatre unit. The students will adopt a general appreciation for music and learn how much it has impacted the ever changing world.

Art 6: Students will have an introduction to middle school art. This course will complement the work and skills used at the elementary level for art.

Literacy in Action: This sixth grade exploratory class will be using a computer based reading program called Reading Plus. This research-based program improves comprehension, fluency, and vocabulary for all readers as the program adjusts to individual levels. Mini-lessons, current events, and read alouds will assist with improving reading strategies and motivation too. Games will be incorporated in this exploratory class to improve vocabulary, memory, word building and spelling skills, and concentration.

7th GRADE CORE CLASSES

Social Studies 7 (Geography): This course offers a region-to-country approach to the study of the world. A general regional overview precedes an in-depth study of the key countries in each region. Hands-on lab activities tie geography to other disciplines and help students develop process skills. Students learn about the five geographic themes that help them to understand the effect of geography on mankind and the way geography is linked to daily life. These themes are woven throughout every skill-building activity. A multicultural perspective enriches student understanding of the contributions of the various cultures visited during the course. Current events are covered through *CNN Student News*.

Communication Skills 7: This course combines English, grammar, literature, spelling, drama, listening, and speaking into one class. This course emphasizes the review and mastery of all the elements the students have had in Grades 1-6 in reading, spelling, grammar, and expression. This course firms up the mastery of the many fundamentals previously presented. Other fundamentals, including writing, reading, speaking, and listening, round out the school year.

Math 7: The class utilizes the Glencoe Math series. This program is aligned to the Common Core State Standards and also has a web-based component that is supported by our student Chromebooks.

Science 7 (Life): This is a Life-oriented Science course that emphasizes to students that science is a problem-solving activity that responds to questions by collecting and analyzing data to offer

explanations of the living world. Key concepts covered are heredity, structures and processes, interactions, energy, and relationships in ecosystems.

Physical Education 7: This comprehensive course is designed to build off of the introduction to the Health Related Fitness components in PE 6. Much of the instruction provided during this course is designed to show students a wide variety of physical activities which they can participate in to benefit their Health Related Fitness components.

7TH GRADE EXPLORATORY CLASSES (9 weeks each) *These mini-courses are designed to allow students to explore areas of vocational and career interest. They are designed to be introductory only and are relatively short in duration. If a student finds he or she has an interest and talent in an area through these courses, then he or she is better able to determine which courses to take in high school in his or her career preparation.*

Art 7: This course uses the elements and principles of art to foster creativity through various 2D projects. Students begin with the reading of a ruler, and proceed to produce artworks through discussion, demonstration, and other technologies. Art History is included in various themes. Projects range from colored pencil quadrant to etched mirrors.

Spanish 7: This course serves as an introduction to the Spanish language. Students will begin to communicate in Spanish as well as participate in cultural exploration.

Technology 7: Students will be introduced to graphic, electronic, light and acoustic communication systems. In addition, students will explore the organization, transporting process, technical and environmental aspects related to transportation systems.

General Music 7: This nine-week course explores the role of contemporary music in students' everyday lives in order to better connect with their own self and the world around them. Students study the history of various styles and genres of American popular music (specifically Pop, Rock, and Hip-Hop) and film music. Individuals also have the opportunity to make music as composers through music technology.

8th GRADE CORE CLASSES

Communication Skills 8: This course is a required 8th grade class which covers steps of basic grammar, composition, literature and spelling. The course deals mainly with mechanics and spelling, creative writing and usage. It is a continuation of the seventh grade curriculum. This course places emphasis on the student as an active learner, an active participant in the experience of literature through literature-based lessons in thinking, reading, study skills, writing, research, speaking, and listening. The course encourages students to interact with the selections. The course also makes use of several trade books to create independent readers of each student so they will continue reading and learning long after they finish the course.

Social Studies 8 (American History): From prehistory to the Civil War era, this course presents the story of our nation's history. Students will be given an opportunity to learn first-hand what it was like to live during a particular historical period through a variety of primary and secondary source documents. A variety of activities will enable students to link the past with the present. They will learn about the connections that history has to other subject areas, especially the important history-geography connection. Students will also learn to analyze and interpret charts, graphs, and maps; important critical thinking skills for success on standardized tests. Current events will likewise be featured in discussions. English and Language Arts Common Core State Standards are also used throughout the class.

Science 8 (Earth): This course covers all five of the branches of Earth Science; Astronomy, Geology, Meteorology, Oceanography, and Paleontology. Students will discover these branches in a process-oriented format using their powers of observation and reasoning.

Math 8: 8th grade math utilizes the Glencoe Math series. This program is aligned to the Common Core State Standards and also has a web-based component that is supported by our student iPads. Some students may qualify for Algebra I or Geometry, depending on prior coursework. Algebra I does not count for high school credit, but Geometry does qualify.

8TH GRADE EXPLORATORY CLASSES (9 weeks each) *These mini-courses are designed to allow students to explore areas of vocational and career interest. They are designed to be introductory only and are relatively short in duration. If a student finds he or she has an interest and talent in an area through these courses, then he or she is better able to determine which courses to take in high school in his or her career preparation.*

PLTW 8: Students trace the history, development, and influence of automation and robotics. They learn about mechanical systems, energy transfer, machine automation, and computer control systems. Students acquire knowledge and skills in problem solving, teamwork, collaboration, and innovation.

Family and Consumer Education 8: This course introduces the relationship between the family and careers, emphasizing how communication skills learned in the family can help family members understand the world around them. Students also explore the relationship between the life of the family and life at school and the applications of skills learned at home to school and community life.

Art 8: This class will incorporate a two dimensional unit ranging from controlled shading and shadows in a variety of media to a highly controlled head study unit culminating in a color pastel portrait as well as an in-the-round sculpture unit leaning toward wildlife woodcarving (reduction). The project is also open to other subject matter and materials such as cement soft sculpture, wax, plaster, etc.

Computers 8: This course focuses on the essential components of business and marketing. It is organized as an exploratory course in all the primary functions of business. Students will participate in many hands-on and fun activities and projects that support business functions.

Spanish I (all-year): Students are allowed to select Spanish I as an option in lieu of the other four exploratory classes. The curriculum for Spanish I in 8th grade is the same as Spanish I in high school. Therefore, it prepares students to take Spanish II as a freshman. Students with a "C" average or better for each term will receive one high school credit. Taking 8th grade Spanish I is the start of the only course sequence that will allow students to complete the 5-year Spanish program with the School District of North Fond du Lac.

ESL 6-8 (Beginner, Intermediate, Advanced): The English as a Second Language (ESL) program is a Language Arts program for students of limited English proficiency. The leveled classes (Beginner, Intermediate, Advanced) primarily focus on the development of social, linguistic, and academic language skills to better equip learners to function successfully in school, community, and their future. The ESL program also facilitates students' adjustment to a new environment by introducing them to American culture. The objectives of the program are to help learners attain proficiency in listening, speaking, reading, and writing of the English language by successfully meeting criteria on standardized tests such as ACCESS, STAR, and the FORWARD Exam. Learners are taught via a curriculum of leveled texts varying in content (mathematics, science, social studies, and language arts) and genre. As learners progress towards proficiency (5.0-6.0 on the ACCESS test), they will be introduced to grammar, higher order thinking questions, asked to construct meaning from charts/graphs/texts, and to communicate academically as authors, historians, scientists, and mathematicians would.

INTERVENTIONS: Students in Grades 6-8 who have been identified as needing intervention in Reading will be enrolled in an intervention during Oriole Time. This program will last anywhere from 9-18 weeks, depending on student growth and progress.

HUMAN GROWTH AND DEVELOPMENT: The board of education has approved a curriculum which is included within Development (6th grade) and Health (7th & 8th grade) that promotes accurate and comprehensive knowledge in the area of human growth and development, and more importantly meets the needs and maturity level of our students at this critical and difficult time in his or her life. We accept the premise that parents are the primary educators of their children in the area of human sexuality. This curriculum was developed with the thought in mind of reinforcing what has been taught in the home and also to provide basic information to those students that do not receive sexuality education in the home.

If you would like to view the entire curriculum and the instructional materials you may do so by contacting the building principal and making an appointment. State law provides parents with the opportunity to exempt their child from participation in part or the entire human growth and development program. If you wish to not have your child participate in a portion of the program, it is necessary to inform, in writing, either the school principal or the teacher. If you have questions or would like additional information feel free to contact the school.

SCHOOL COUNSELING - Following the Wisconsin Comprehensive School Counseling Program: Counseling services are available for every student in the school. These services include assistance with educational planning, interpretation of test scores, occupational information, career information, study help, help with home, school and/or social concerns, or any question the student may feel he/she would like to discuss with the counselor. Developmental classroom guidance is conducted in all grades. Students wishing to visit a school counselor should contact the counselor, secretary or a teacher to arrange for an appointment.

PERFORMANCE-BASED MUSIC CLASSES: There are six elective performance-based music classes offered in the middle school. They are 6th grade band, 7th grade band, 8th grade band, 6th grade choir, 7th grade choir, and 8th grade choir.

PHYSICAL EDUCATION: The current standard uniform for physical education classes for grades 6, 7 and 8 is a uniform consisting of a BAMS gym shirt, black shorts, white socks and gym shoes. Use of the uniform for PE classes is MANDATORY. The locks and t-shirts will be available for purchase during registration. Students are encouraged to lock up all belongings in the locker room during PE class and practice times. All valuable articles such as money, electronics and jewelry may be given to the office personnel or classroom teacher for safekeeping. iPads or electronic devices with a camera are not allowed in any locker room.

EXTRA HELP

You may always seek extra help from your teachers if you do not understand an assignment, if the work is difficult or if you have been absent and have missed assignments and class discussions. Arrange a conference with your teacher before or after school or at a time convenient to both of you during the day. A teacher will sometimes request a student to stay after school if it is apparent that the student is having difficulty with his/her work. *Note: Virtual assistance is available during pandemic times. There may be after-school office hours on a limited basis, based on teacher availability.*

THE ORIOLE WAY

The Oriole Way is a proactive, school wide framework that focuses on teaching students expected behaviors and ensuring school wide consistency, positive communication and behavior reinforcement for responsible actions. Students' behaviors are monitored and data is collected to help make decisions about re-teaching expected behaviors. Our **3 Expectations** district-wide are:

- **Be Ready**
- **Be Respectful**
- **Be Safe**

We utilize numerous amounts of time and energy to provide our students with clear behavioral expectations and use a wide range of local resources to accomplish this and meet the varied needs of our students. **Any behaviors that prevent or inhibit this from occurring is insubordination and will result in classroom and/or school wide interventions. Disciplinary actions may include but are not limited to detention, out-of-school suspension, in-school suspension and/or expulsion.** Our entire staff takes a proactive approach to classroom management and will involve parents throughout the entire process. We also have a great partnership with our School Resource Officer and will involve Officer Hendrix in the entire process. We strive to make our school a safe, engaging, learning environment and discourage any behaviors that may result in that process. Bessie Allen Middle School is a place where we can BE READ-BE RESPECTFUL-BE SAFE.

What can you do to support The Oriole Way?

Communicate with school personnel on a proactive basis when you have a family concern that may impact your child's performance in school.

Utilize the noted behavioral expectations in your home to enhance consistency and reinforce positive behaviors in and outside of the school.

For more information, please contact:

- Brandon Switz- bswitz@nfdlschools.org -or 929-3754 ext: 4147 – District PBIS Coordinator

Good Standing Policy

We believe that by setting clear standards, students and their parents know and understand what is expected of them at Bessie Allen Middle School. This policy outlines the school standards for academic performance, attendance, and conduct. The degree to which each student achieves the school standards in academic performance, attendance and conduct will determine their Good Standing for their time as a student at Bessie Allen Middle School. Students must ensure that they meet all of the standards to maintain Good Standing for throughout the school year.

Academic Performance: Students must maintain a passing average (D or above) in their Core and Exploratory Courses. If this is not the case at the end of the year, Summer School work is required.

Attendance: Students must not have any unexcused absences on record. Students must not exceed ten excused absences unless medical notes are provided. Students must not be excessively tardy to class (i.e. no more than 3 unexcused tardies for a two-week period)

Conduct: Students are expected to maintain consistently good conduct, meaning that they must exemplify the Oriole Way throughout the course of their time at BAMS. Repeated breaches of what is regarded as appropriate conduct will jeopardise a student's ability to meet the conduct standard.

Privileges Associated with Good Standing: All students will start each year with Good Standing. Students who maintain Good Standing will have access to all the privileges including:

- access to extracurricular activities, such as clubs and athletics.
- access to school trips, including walking field trips.
- access to school and grade-level group functions, such as assemblies and special events in the PAC and Gym.

Loss of Good Standing: Students are deemed to have performed below an acceptable level when they have exhibited one or more of the following in a term:

Academic Standards – F's in Core Academic and Exploratory Courses

Attendance Standards

- Any unexcused absences
- More than ten excused absences without a medical excuse written by a doctor.
- More than 3 tardies for ALL classes combined over a two-week period.

Conduct Standards – not maintaining consistently good conduct.

- Students with 3 or more minor referrals within a calendar month
- Students with any major referrals
- Students who are suspended (in or out of school)

Students who lose their Good Standing will lose the following privileges in addition to having additional possible disciplinary consequences.

- access to extracurricular activities, such as clubs and athletics.
- access to school trips, including walking field trips.
- access to school and grade-level group functions, such as assemblies and special events in the PAC and Gym.

Conditions to Restore Good Standing:

Academic Standards: once passing all classes, good standing is reinstated immediately

Attendance: good standing is immediately earned again by clearing all unexcused absences.

Tardies: good standing is earned back if student is not tardy 3 or more times in a two weeks.

Conduct: depending on the severity of behavior, students will have the opportunity to earn good standing again after a grace period.

- **3 or more minor referrals w/n a calendar month = loss of good standing for 2 weeks.**
- **Major referral = loss of good standing for a period of 2 weeks.**
- **Suspension (in-school or out-of-school) = loss of good standing for 2-3 weeks.**

Notification: At the time of losing Good Standing, it will be indicated in writing (letter home or email) and verbally (via phone call) to the student and parent:

- the reasons for the loss of Good Standing
- the period of time before there will be a review of the student's standing
- what is required of the student to regain their Good Standing status

Good Standing Review: At the end of the period of loss of Good Standing, there shall be a review of the student's status by the Principal, the student's teachers, and other related professionals. If it is deemed that the student has fulfilled the requirements as established at the time of loss of Good Standing, they shall have their Good Standing reinstated. If it is deemed that the student has not fulfilled the requirements as established, another date for a further review or some further action will be determined. Note: Coaches of sports and extracurricular sponsors alongside Administration will determine eligibility for games on a case-by case basis if a student loses Good Standing due to grades, behavior, and/or attendance-related issues.

SPECIFIC BUILDING EXPECTATIONS AND POLICIES:

HALLS: Halls are to be cleared of non-bus students by 3:25pm unless the student is participating in an extra-curricular activity or directly supervised by a staff member.

High School students are not permitted in the Bessie Allen halls unless they are on approved business. The same thing applies for BAMS students at HMHS. Students shall not deface any posters, bulletin boards, signs, announcements, etc.

LOCKERS: Lockers are to be locked at all times. The school will not be responsible for missing articles if the lockers are not locked.

The locker assigned to a student is NOT the student's private property or under his/her exclusive possession and **may be opened and inspected by school authorities at any time.** Any unauthorized item found in the locker may be removed. The school may hold items removed from a locker unless the inspecting authority suspects that possession or storage of the item involves a violation of law in which case the item shall be turned over to law enforcement officials. The student and parent or guardian shall be informed of the removal and disposition of removed items.

SCHOOL GROUNDS: Students may wait inside [during poor weather] or outside for their transportation at the beginning/end as long as they are being ready-respectful-safe.

- Bicycles are to stay in the bicycle racks except when riding to and from school. No one shall ride anyone else's bicycle without permission. Bikes should be locked to the bike stands.
- Skateboards, scooters, and other self-propelled transportation devices are not to be ridden on school sidewalks. People walking ALWAYS have the right of way.

SCHOOL BREAKFAST/LUNCH HOUR: All students that are eating will do so in the cafeteria unless directly supervised by a staff member in another location. Food or drinks are **not** to be taken out of the cafeteria and into the hallway with the exception of bottled water.

- Teachers may allow food [candy/gum/other] & drinks on special occasions in their individual classrooms at their discretion in accordance with the North Fond du Lac School District Wellness Policy. Food/drinks are not to be taken out of the classrooms at the end of the class period.

SMOKING: There is no smoking (cigarettes, e-cigarettes, vapors, or other devices) allowed on any school property by anyone.

STUDENT VALUABLES: Students are cautioned not to bring large amounts of money, electronic devices, or personal property to school. Students who wear glasses and/or watches must keep track of them at all times. Students, NOT the school, are responsible for their personal property. If it is necessary to bring more money than needed to pay for lunch, **bring it to the office for safe keeping.**

BUS TRANSPORTATION: School bus transportation is a privilege that may be withdrawn for inappropriate behavior. A student is to ride the bus to which he/she is assigned. Any emergency request to ride a different bus must be requested in writing by the parent/guardian and submitted to the office in advance, if possible. Students will be allowed off the bus only at school, home, and locations requested in writing by parents. **The bus driver is in complete charge of the bus and its occupants at all times.** Students riding the bus **must** comply with the requests of the driver.

Only eligible students who have a current bus transportation form in a school office will be allowed to ride a bus. If students are riding home with a friend, they must both be current bus-riding students and must obtain a slip from the office that morning or before.

MOBILE TECHNOLOGY: If a personal electronic device or cell phone is brought to school, my child and I understand that it is to be turned off and kept in his or her locker during school hours. School staff can give a student permission to use a device, if it does not interfere with the learning environment. I understand that the school is not responsible for lost or stolen devices. Headphones of any kind are not to be worn in the hallways.

DRESS CODE: There is a definite relationship between good dress habits, good work habits, and proper school behavior. Any type of clothing which disrupts the learning environment in the classroom or school is not acceptable. **Examples of this type of clothing include but are not limited to:**

- Tank tops, spaghetti straps, halter-tops, bare midriff or see-through shirts.
- Pants/shorts with exaggerated rips, tears or holes, cutoffs, bicycle shorts and "short shorts"
- Underwear may not be visible at any time.
- Any clothing with sexual connotation, obscene language or pictures, clothing referring to tobacco, alcoholic beverages or taverns and any clothing referring to illegal drugs.
- Outerwear jackets/purses/backpacks are not allowed in classrooms. Hoods down indoors.
- All hats or bandanas are expected to remain in the assigned lockers.
- ***Masks must be worn inside the building and need to be appropriate.***

Clothing will be worn in its intended manner: pants will be worn around the waist as designed, and tops must be long enough to keep the midriff covered while arms are extended upward. Chains and other such adornment that are obviously not jewelry are prohibited. Any type of attire that attracts undue attention to the wearer (including the exposure of cleavage), and thus causes a disturbance in the school, is in bad taste and is not acceptable.

We strongly encourage all of our students to dress appropriately throughout the course of the school year. Please have your son or daughter be aware of the seasonal conditions and dress appropriately regarding the weather. Any clothing considered to be disruptive to the learning environment of individuals or the class may result in a referral to the office. Students will be asked to change and/or obtain replacement clothing from a parent/guardian. Students who are not able to secure clothing will be allowed to wear their school issued gym uniform.

EMERGENCY DATA UPDATE: Emergency data **MUST** be completed during online registration. Emergency data must be kept up to date so in the event of an emergency situation the correct action can be taken by the school. Parents / guardians are responsible for keeping this information up-to-date via Skyward Family Access or by notifying the Main Office by phone (920-929-3754) or email (basecretaries@nfdlschools.org).

SAFETY

The School District of North Fond du Lac considers the safety of students and staff their highest priority and has developed strong crisis plans and procedures for our schools. Although we hope we will never need to activate these procedures, we conduct regular drills and review our plans annually. *Note: During the COVID-19 pandemic, there will be no safety drills to ensure social/physical distancing of students during the blended learning schedule.*

DISASTER SITUATIONS (TORNADOES)

The school has pre-planned places of sanctuary for all students and staff during tornadoes or other disasters. The students will be instructed as to the procedures to follow as part of their disaster training. After a WARNING has been issued, no students will be released until the WARNING has been lifted, regardless of time; they are safer in school than in transit. Again, parents are asked to not call the school in times of weather warnings or watches so that the phone lines can be kept open for emergency school information. Parents should not attempt to pick up a student during a warning.

FIRE DRILLS AND EMERGENCY EVACUATIONS

Bessie Allen, as all other schools, holds a number of fire, emergency, evacuation, and heightened caution drills annually to teach the students and staff proper procedures to exit the building safely. When it pertains to these safety drills, teachers and/or staff will give more complete directions as they pertain to both the specific situation at hand and the particular rooms that the students are occupying during the day.

In case of an actual emergency, such as fire, disaster, building-related malfunction, the student body will report to the safe location until a decision can be made as to whether school can continue or will be dismissed. If school is dismissed, the school buses will take the bus students home on the regular routes, while walkers will be instructed to proceed directly to their homes.

The School District of North Fond du Lac employs ALICE (Alert, Lockdown, Inform, Counter, and Evacuate) as its school safety response to the unlikely event of aggressive intruders or active shooters on any of our campuses. The ALICE training program is designed to supplement current "Lockdown" or "Secure-in-Place" procedures used frequently in schools as a stand-alone defensive strategy for an extremely violent attack. Recent events have dictated the need of enhanced options provided to building occupants to increase their chances of surviving a horrific event.

Please do not call the school during a suspected emergency because the phone lines must be kept open for calls to emergency services. Stations, KFIZ, WFDL, WFON, WPKR, WOSH, FOX 11 TV, and TV 26, will be kept informed of all situations and they will relay the information over the air.

FIRST AID FOR INJURY OR ILLNESS

In case of an accident, injury or illness, a student should immediately report the situation to the teacher in charge or to the office. The office has primary first aid supplies available for most common problems. Additionally, several staff members are trained in first-aid and the use of an AED device; the high school / middle school building contains two such devices. The services of the North Fond du Lac Emergency Services are also on call. The Fond du Lac Public Health Nursing Department services routine medical concerns.

The school will complete an accident and/or injury report for each accident. Unless your child reports an accident or injury promptly, the school will not have any source of information to help you in reporting to an insurance carrier.

LOST AND FOUND

Lost and found articles will be kept in the east vestibule for a period of time. Owners may claim lost items upon identification. Unclaimed items will be donated for reuse.

MEDICATIONS AT SCHOOL

In compliance with Wisconsin State Statute, the North Fond du Lac School District has adopted a policy for the administration of medications in the school setting. For school personnel to administer medication safely and efficiently, parents/guardians and/or adult students must comply with the District policy. **Medications should be administered at home whenever possible.** Parents/guardians are urged to consult with the prescribing physician to determine if medications can be scheduled outside school hours. In the event that this is not possible, designated District staff will administer medication according to District policy.

PRESCRIPTION and OVER-THE-COUNTER MEDICATIONS

1. **Current Physician's Order for Administration of Medication form must be on file at school for any medication given at school.** This form may be obtained from the school office or District website. This form requires both the physician's and parent's signatures.
2. The prescription medication must be supplied in the *original pharmacy-labeled bottle* indicating the correct dosage and frequency of administration. This information must be the same as written on the medication form. Only the amount of medication needed at school shall be contained in the bottle.
3. Over-the-Counter medication must be in its original container, with the correct dosage and frequency of administration on the medication form. **Smaller bottles/packages should be sent.**
4. If changes in the dosage take place, an updated physician's order form (as stated above), and an updated pharmacy-labeled bottle will be required.

SELF-MEDICATION

1. Responsible students (mainly those in middle and high school, occasionally students in elementary grades) may be given authorization to self-administer inhalers for asthma. A current physician's Order for Administration of Medication must be on file and indicate that the student has been instructed by the physician on how to use the inhaler properly.
2. Students may **not** dispense any medication to other students.

HELPFUL HINTS

1. Ask your pharmacist for a second empty labeled container for prescriptions so that you will have containers for both home and school. **Medication will not be given if it is in an unmarked container (i.e. plastic baggie, envelope).**
2. When you know your child will be taking medication, discuss the hours of administration with the doctor. **It may be possible to regulate the dosage so that medication can be given at home and not at school. (I.e. antibiotics given three (3) times a day).**
3. Parents are to deliver the container of medication to the school office to prevent tampering by the child and other students.
4. **Unused portions of medications after the completion of the school year or when discontinued will be disposed of after seven (7) days if not picked up by the parent.**

Parent attention to and support of these requirements will be very much appreciated. If you have any questions, please contact your school nurse and/or your school secretary. All medication administration forms are available at the Bessie Allen office.

CLOSING OF SCHOOL FOR INCLEMENT WEATHER

ALERT Now: When appropriate, the school district will use the Alert Now calling system to communicate the close or late start of school. **Please make sure that all phone numbers and email addresses are up-to-date with District records.**

Closing before school hours: Whenever a dangerous storm enters our geographic area, a decision as to whether to open or close the schools will be made by 6:00 A.M. The district administrator, law enforcement officers and the bus company officials are part of this decision-making.

If the school start is to be delayed, the appropriate radio/TV stations will be announcing any delay status. The schools have pre-determined schedules for these occasions.

If the schools are to be closed, radio/TV stations KFIZ, WFDL, WFON, WPKR, WOSH, FOX 11 TV, and TV 26 will be announcing the school closing around 6:00 A.M.

If no announcements are made, the schools WILL be open as usual. The buses will follow their usual routes as closely as possible to their regular schedule.

Early closing during school hours: In the event the schools are to close early, buses will be called and students will be sent home on their regular routes. Walkers will be dismissed at the same time and instructed to go to their home or parent-arranged place directly. The radio stations will be informed for broadcast purposes. Families should set up some agreed-upon procedure that will cover what each member of the family will do if there should be a reason for closing school. With several hundred children in each school, these procedures cannot include the child calling home.

TELEPHONE

If there are any emergency messages, the office will contact the individual students immediately and a message to return a call will be given at a "passing time." The office phone is for emergency calls such as injury or illness. ***Note: During the COVID-19 pandemic, students will use class phones.***

VISITORS

Visitors to Bessie Allen Middle School must report immediately to the school office. They will not be permitted to loiter on school grounds or in school buildings. The north entrance is equipped with a communicator button/intercom device. Please press the button and wait for the secretary to correspond with you via the intercom. Parents are to schedule conferences in advance at times convenient for both the teachers and parents. Conferences will be scheduled at such times that they do not interrupt or interfere with a teacher's class. Call 929-3754 to set up a conference, or email your student's teacher directly. ***Note: During the COVID-19 pandemic, there will be limited visitors allowed on campus.***

TRANSFERS TO OTHER SCHOOLS

Students who transfer to another school must do a final check-out in the office. All textbooks, library books, and other school property must be turned in. The office may refund a portion of certain fees that have been paid. A checkout form must be secured from the office when a student begins their school transfer/withdrawal process. ***Note: Transfers to BAMS during the pandemic will be required to quarantine for 14 days and will be taking online classes to begin their time at school.***

ASSIGNMENT NOTEBOOKS/PLANNERS

Bessie Allen Middle School is proud of being able to provide many technological tools to our students to use to ensure success. In most cases, students will use their district issued Chromebook as their school planner to help with organizing homework and due dates. Students

should bring their device to school every day and to every class. Some planners will still be purchased and distributed to students that request them (i.e. 6th Grade Students all get them).

GRADE REPORTING

Report cards are posted every nine weeks on Skyward Student/Family Access. If you require a paper copy please contact the main office.

Pupil effort in each course may be indicated by comments from teachers that appear on the report cards. These are very important items to observe because they indicate reasons for the class grade given and the student's potential for success or failure.

Mid-quarter Progress Reports will be posted on Skyward Student/Family Access about midway through a grading period. These reports are actually report cards with midterm grades. More frequent contacts, particularly via email, are encouraged between individual teachers and parents as needed for keeping parents informed about the progress of their students.

The Family Access software is available through a link on the District website for those homes equipped with internet access through a computer. Information on quarter grades and individual assignment grading, discipline, immunization records and attendance are available at any time.

GRADING SCALE

Grade Range (GPA points)	Grade Range (GPA points)	Grade Range (GPA points)
100 – 93 A (4.000)	92 – 90 A- (3.750)	89 – 87 B+ (3.250)
86 – 83 B (3.000)	82 – 80 B- (2.750)	79 – 77 C+ (2.250)
76 – 73 C (2.000)	72 – 70 C- (1.750)	69 – 67 D+ (1.250)
66 – 60 D (1.000)	59 – 0 F (0.000)	

LATE WORK POLICY

To be fair to the vast majority of the students who turn in work on time and completed to the best of their ability, late work will be graded using the following criteria:

1. Teachers, at their discretion, may keep students during lunch, as well as before and/or after regular hours to finish work.
2. At the discretion of the teacher, a student will receive a zero for an assignment not handed in after the teacher's final due date.
3. Points may be deducted – based on teacher and/or grade level team policy.

*Please be advised that if all work is done on time this policy does not pertain. Any assignments missed because of an excused absence, are not considered late assignments.

TEXTBOOKS

The school furnishes books to all students. Reasonable wear is expected as a result of daily use. Unreasonable damage to textbooks will result in fines up to current replacement costs.

DAILY SCHEDULES

The School District of North Fond du Lac's [Return to the Nest Plan](#) was approved by the Board of Education on July 27, 2020. This plan commits to *Safety, Quality Instruction, and Flexibility*. Two scheduling options, **eOriole Academy** (all virtual independent of BAMS) and **the Fluid Model** were given to families. The Fluid Model is designed to pivot among three scenarios based on the [Fond du Lac County Safe Restart Plan Guidelines and Recommendations for Action](#). These three scenarios are: Full-Time Return; Blended Learning; and 100% Digital/Remote Learning. Stakeholder documents for the [eOriole Academy](#), [Blended](#)

[Learning](#), and [100% Digital/Remote Learning](#) are linked to this Handbook. Below, the full-time schedule scenario is detailed.

Full-Time Schedule Scenario

Period	6th GRADE	7th GRADE	8th GRADE
1st	8:00-8:49 CORE	8:00-8:49 EXPLORATORY	8:00-8:49 CORE/PE/Health
2nd	8:53-9:42 EXPLORATORY	8:53-9:42 CORE	8:53-9:42 CORE/PE/Health
3rd	9:46-10:35 CORE	9:46-10:35 CORE/PE/Health	9:46-10:35 EXPLORATORY
4th	10:35-11:03 LUNCH	10:39-11:28 CORE/PE/Health	10:39-11:28 CORE
5th	11:07-11:56 CORE	11:28-11:56 LUNCH	11:32-12:21 CORE
6th	12:00-12:49 CORE/PE/Tech Lit	12:00-12:49 CORE	12:21-12:49 LUNCH
7th	12:53-1:42 CORE/PE/Tech Lit	1:46-2:35 BAND/CHOIR/RESOURCE	1:46-2:35 BAND/CHOIR/RESOURCE
8th	1:46-2:35 BAND/CHOIR/RESOURCE	12:53-1:42 CORE	12:53-1:42 CORE
Oriole Time	2:39-3:10	2:39-3:10	2:39-3:10

Details for Full Schedule Scenario

<p>Band/Choir: 7th Grade and 8th Grade Band/Choir will meet during 7th Period. 6th Grade Band/Choir will meet during 8th Period.</p> <p>6th Grade Band - Tu/Th, 8th Period 6th Grade Choir - M/W, 8th Period 7th Grade Band - Tu/Th, 7th Period 7th Grade Choir - M/W, 7th Period 8th Grade Band - M/W/F, 7th Per 8th Grade Choir - Tu/Th, 7th Period</p> <p>Lunch = Three 30 minute periods for each grade.</p>	<p>Resource Period: Takes place during 7th Period (7th & 8th Grade) and 8th Period (6th Grade). Revamps study hall concept by providing more staff at the end of the day (compared to three teachers covering 150 students currently). Small instructional groups will be formed in a flexible fashion based on grades/missing assignments for specific classes for re-teaching opportunities. Students with all work completed will have opportunities to participate in large-group activities.</p>	<p>Oriole Time: This will be a 30-minute period at the end of the day focusing on either Nesting Activities, ACP Lesson Plans, RtI Interventions, Social Emotional Learning activities, or school-wide Enrichment, based on the time of the year .</p> <p>1st Term: School Wide Activities (Second Step/Enrichment) 2nd Term: Skills Intervention or Global Read-aLoud 3rd Term: Skills Intervention or Global Read-aLoud 4th Term: School Wide Activities (ACP/Enrichment)</p>
--	--	--

Expectations Dependent on Delivery/Scheduling Model for 2020-21:

Model	Premise	Changes
In Person - Full	BAMS will operate under usual protocols, procedures, and policies as in prior years with an emphasis on enacting measures based on the guidance of health professionals to mitigate risk of COVID-19 spread.	See “Blended” below for measures designed to mitigate COVID-19 spread.
Blended	BAMS will operate under more stringent protocols, procedures, and policies as in prior years with an emphasis on enacting measures based on the guidance of health professionals to mitigate risk of COVID-19 spread.	<ul style="list-style-type: none"> -Required face-shield wearing. Dress code applies for masks too. -PPE and Hand Sanitizer Use -Student Maintenance of Individual Learning Areas -Breakfast/Lunch socially distanced in classrooms -Students will use their own supplies. -Students will clean their own personal learning space/equipment -No sharing of any items, food, or drink -Parent/teacher meetings will be held virtually or via phone -We are unable to offer large group assemblies, events or programs - Students should provide a water bottle as bubblers will be limited to refill stations -School office visitor access will be limited to the banker window. -Attendance will be taken by your child’s teacher each morning when they arrive at school on their assigned cohort days. On their virtual learning days at home, students will be required to do a daily check in prior to 3:45 p.m. and complete assignments to be “present”
Virtual	BAMS will operate under an all online format due to incidents of infection in our schools/regional community. Protocols, procedures, and policies will change accordingly.	<ul style="list-style-type: none"> -School Buildings will be closed for the duration of the outbreak -Attendance: Student Daily Check in with Teacher; based on work completion. - Parent/teacher meetings will be held virtually or via phone

Building Times and Entrances:

Doors Open: 7:30am (Breakfast Students) and 7:45am (Non-Breakfast Students to 1st Hour)

West Doors - Former Front Entrance: 7th Grade Entrance/Exit

North Doors - New Main Office: 8th Entrance/Exit

East Doors - Pool Side Area: 6th Entrance/Exit

Drop-Off and Pick-up Information:

Vehicles dropping off students can use the following areas per grade.

- 6th and 8th Grades: Pool Parking Lot

- **7th Grade: Pick-up/Drop-off Area in front of Former Front Entrance**
- **Do NOT enter the North Parking Lot by Main Office Entrance!**
