

# Activity Scheduler Mobile App Start-Up Guide

## Public View

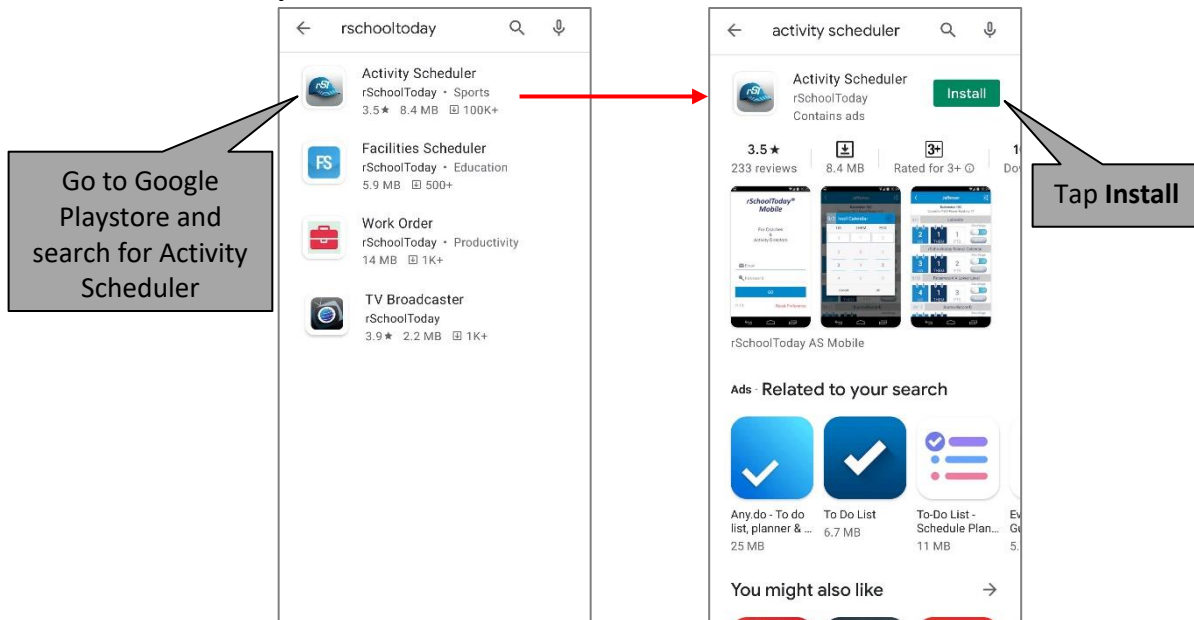

Version 2.0.0 (Android)

September 2021

This Start-Up Guide will guide you through the Activity Scheduler Mobile Application Public View. Its Design ensures Public Users quick and straightforward access to different functions of the application.

Download and install the application on your mobile device. Once installed, set the preferences (State, Conference, and School) and navigate your way to the Public View.

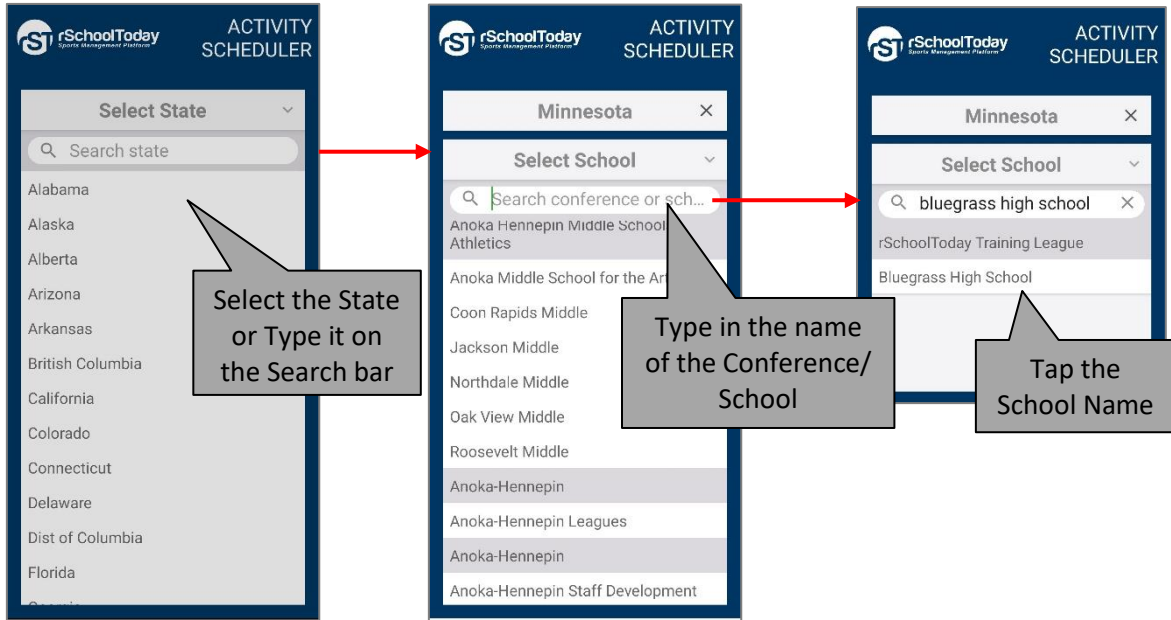

### Installation and Setup:

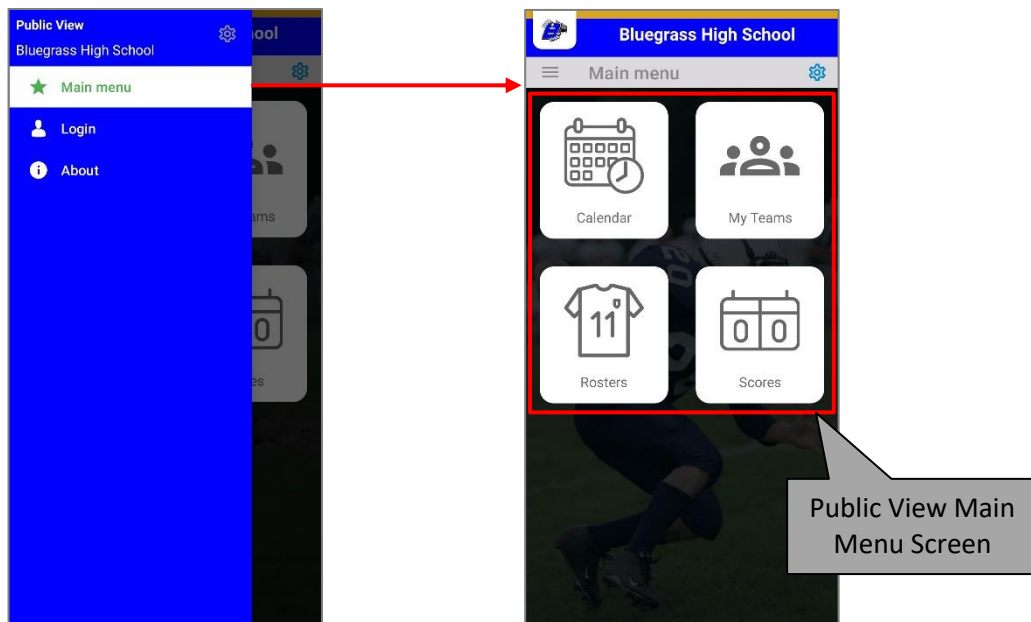

The background images change every time a User enters the Application.

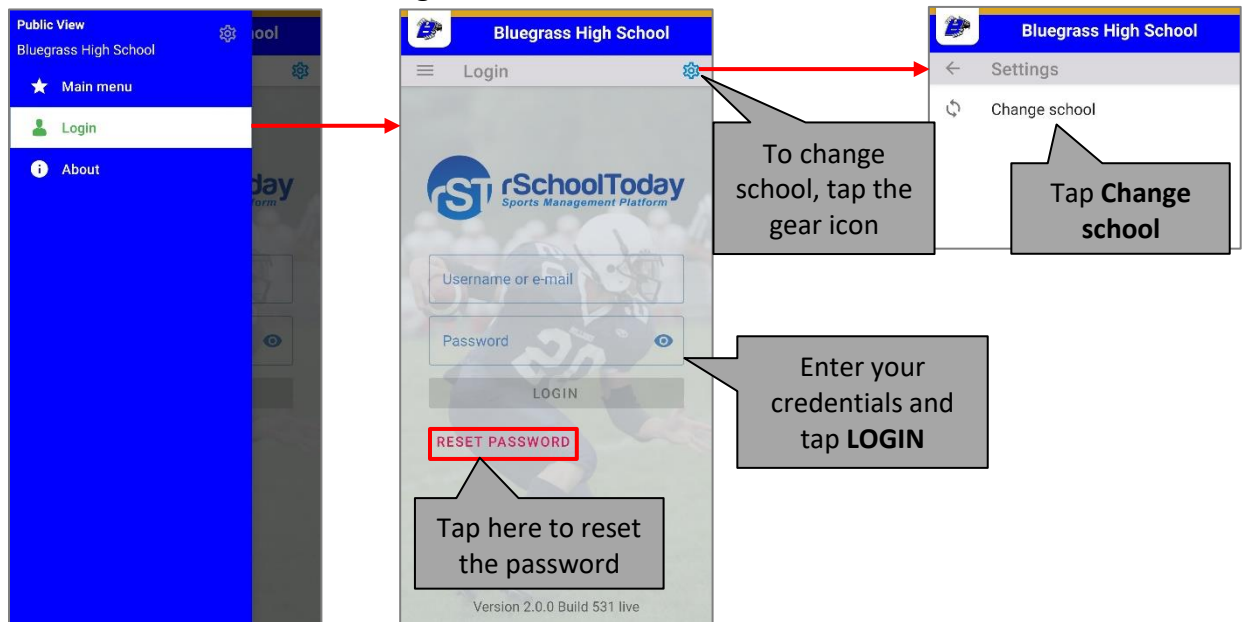

Select the **State**, **Conference**, and **School**.

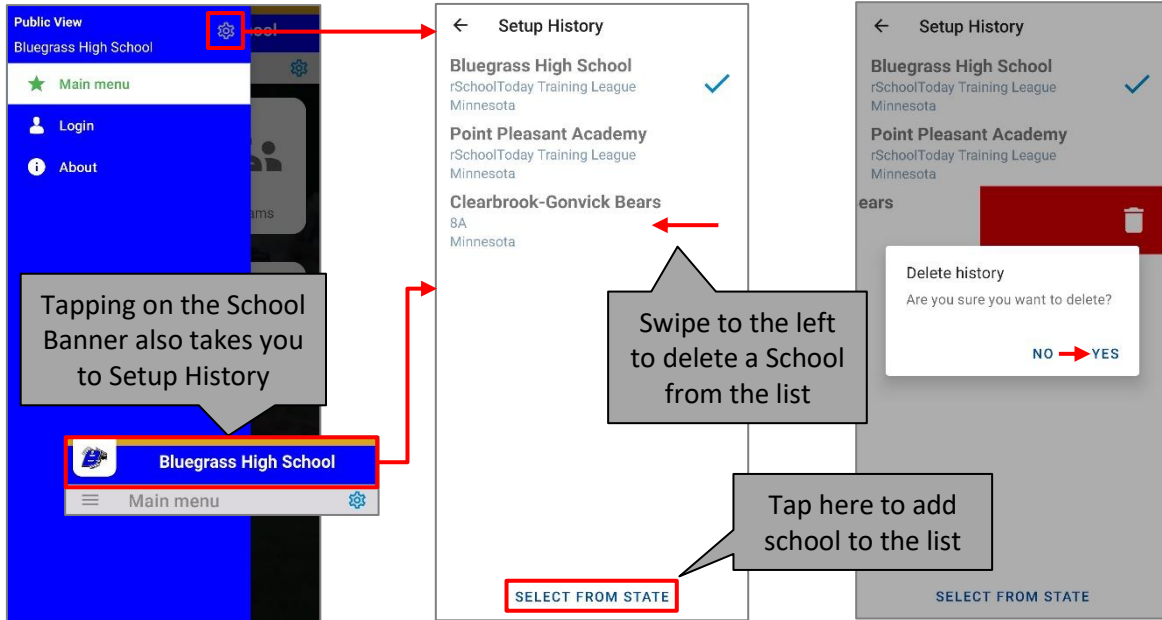

Public View Main Menu:

Administrators and Coaches Login:

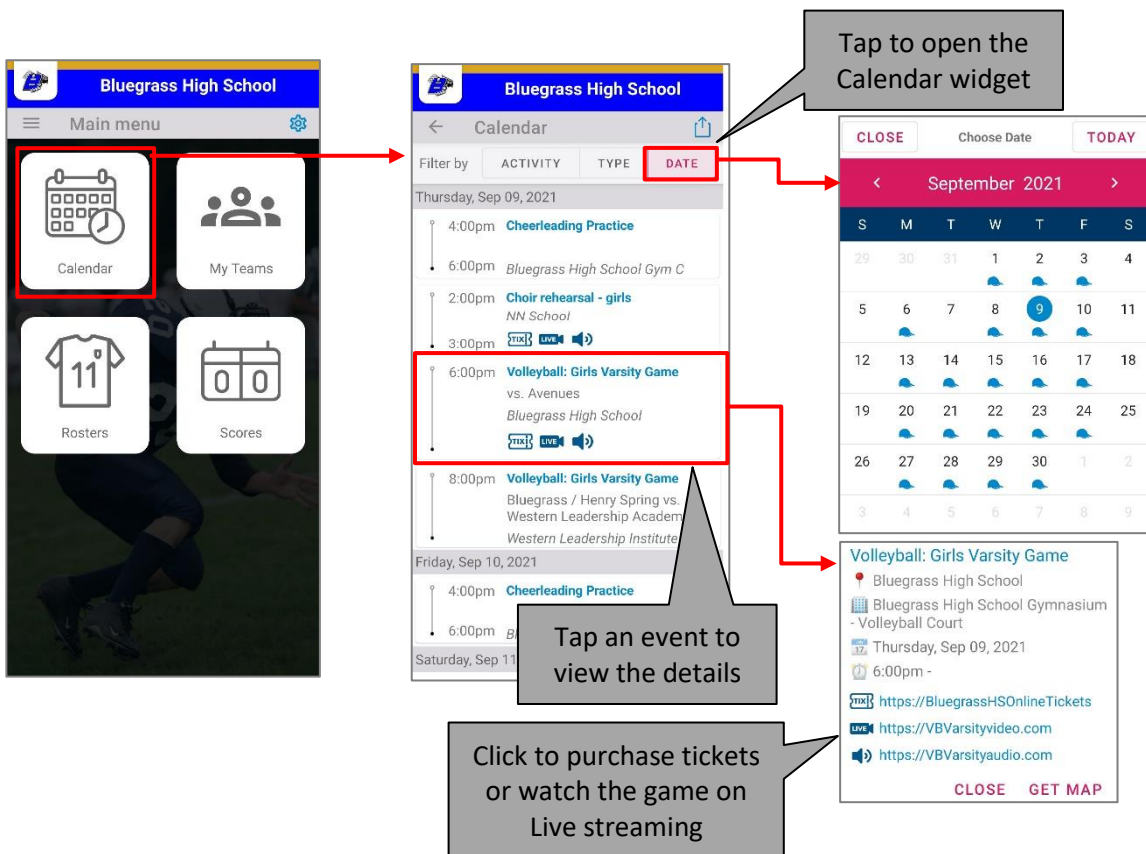

**To view Setup History:**

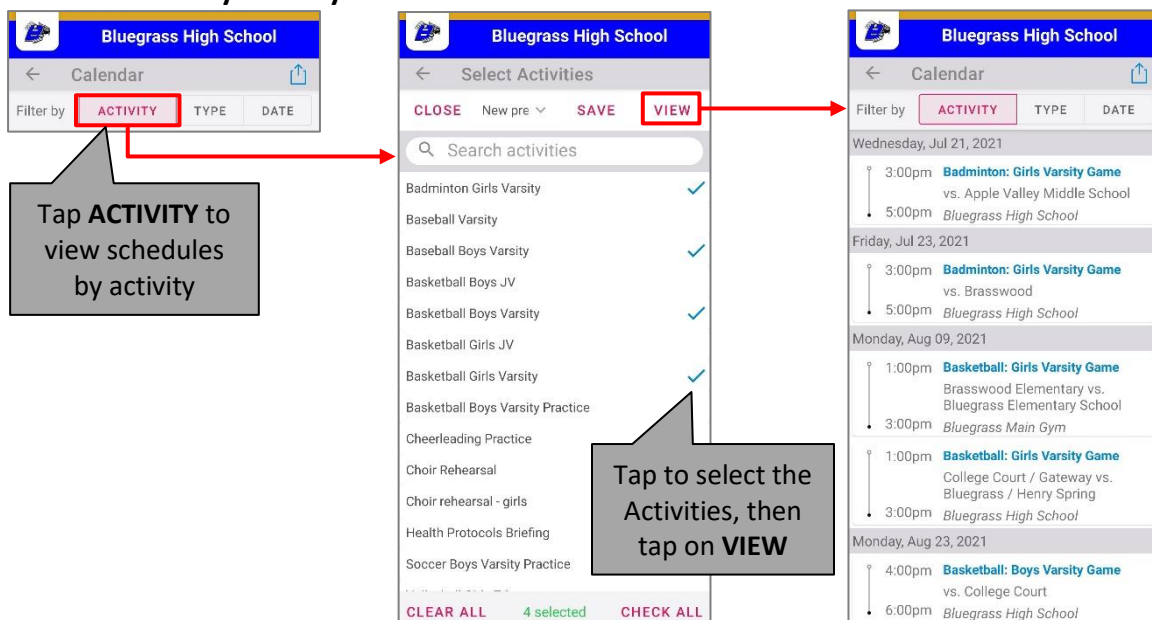

**Tap on the Calendar Icon to view the schedules.**

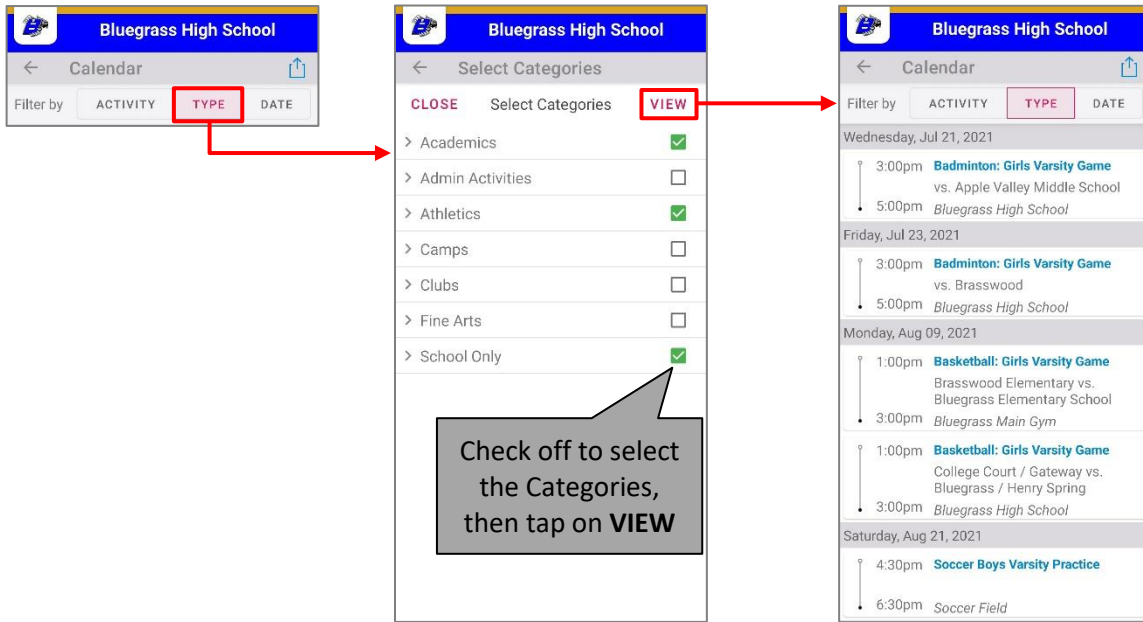

**View Schedules – By Date:**

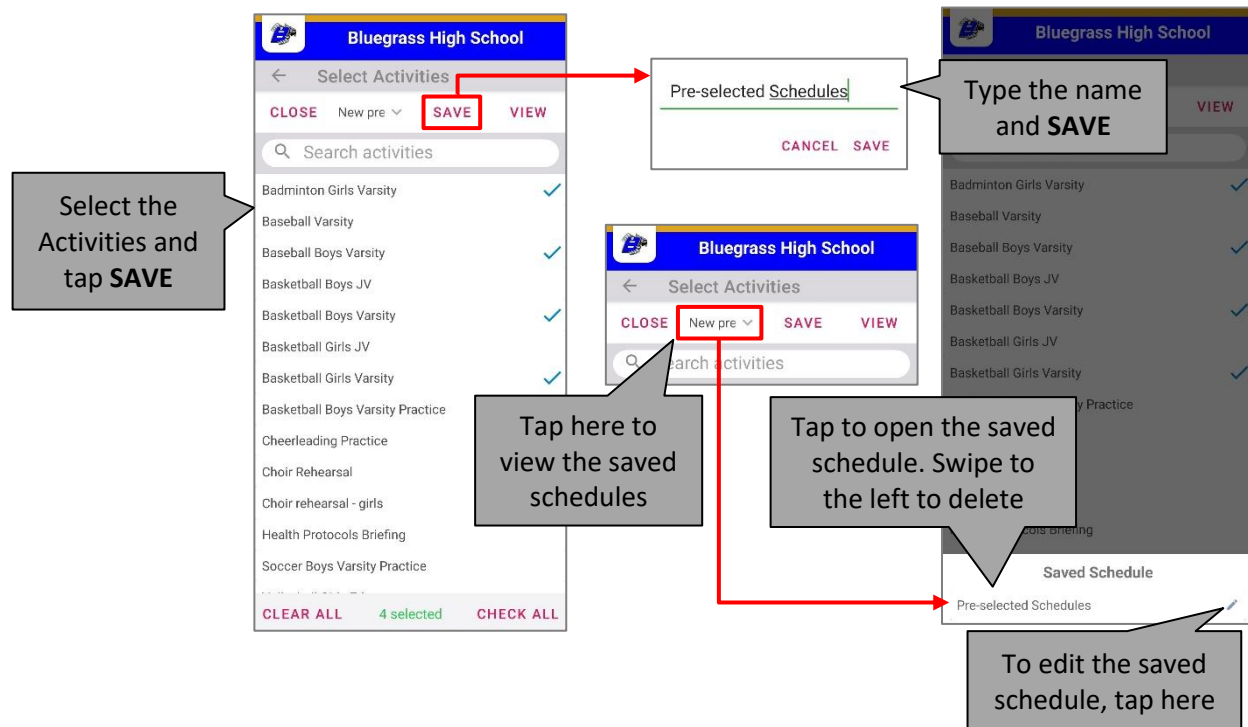

**View Schedules – By Activity:**

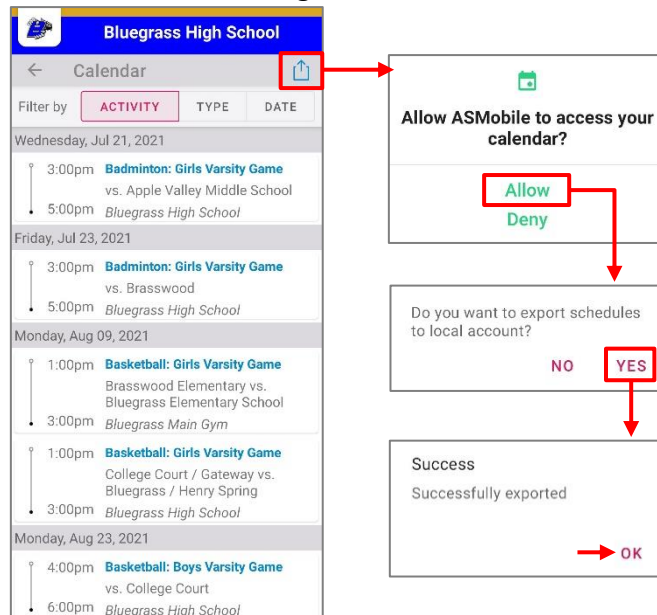

**View Schedules – By Type (Categories):**

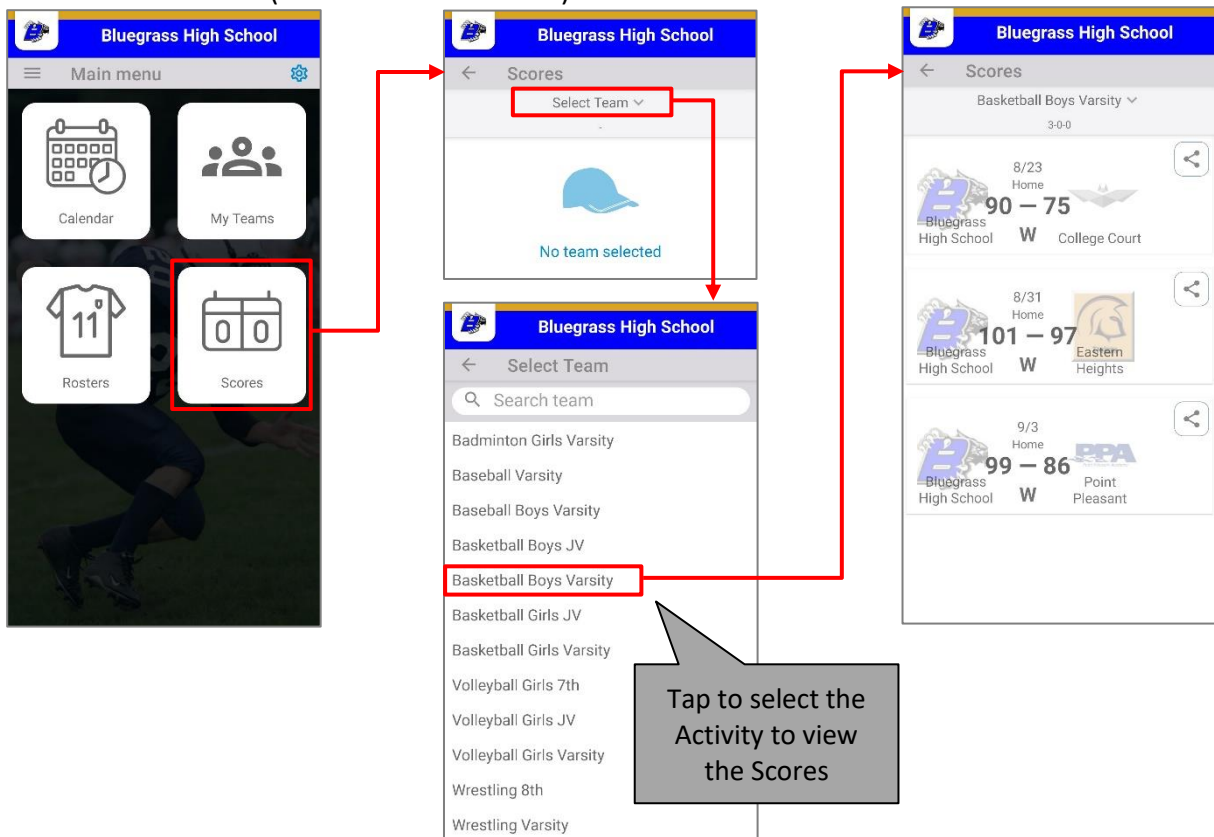

**In View Schedules by Activity, users can save the schedules of activities that they have searched.**

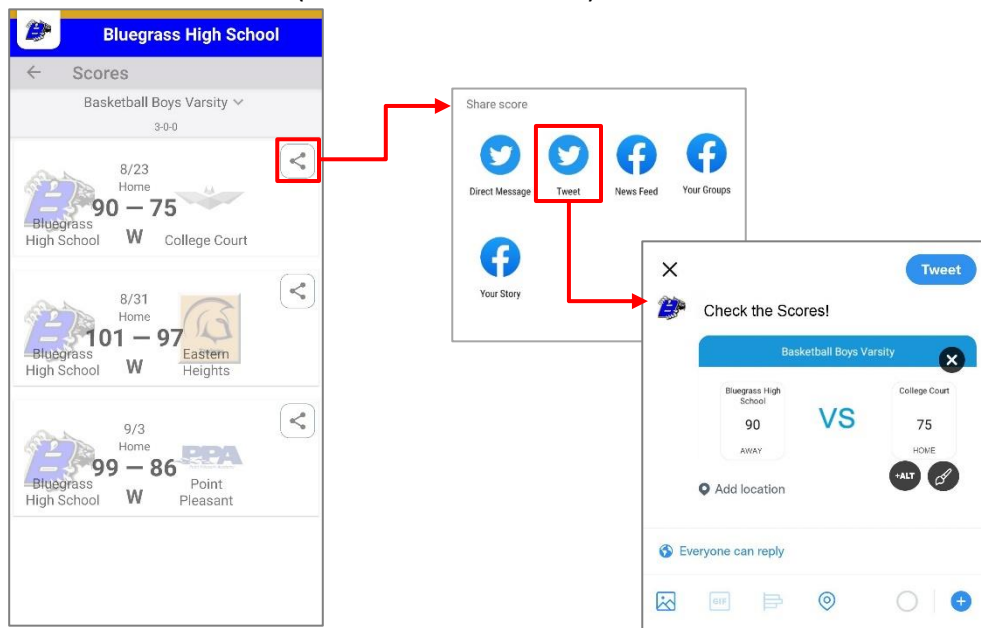

**Users can also export schedules to their Google Calendar.**

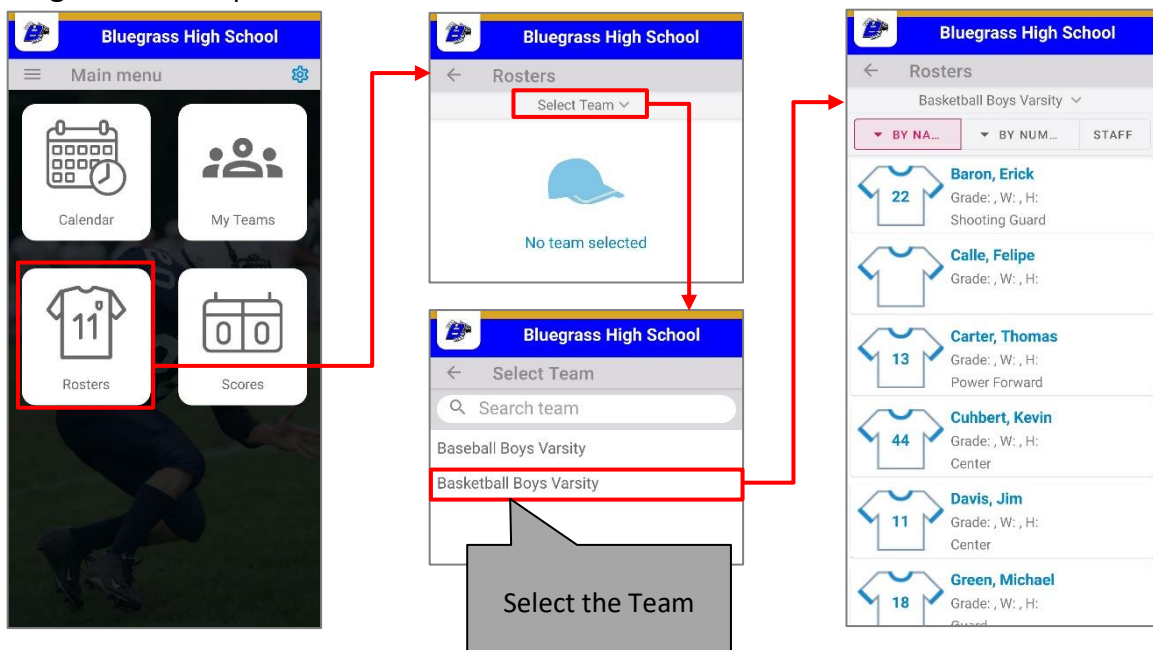

**Viewing Scores** – Tap on the **Scores Icon** to view the scores. You can also share them on your social media accounts (Facebook and Twitter).

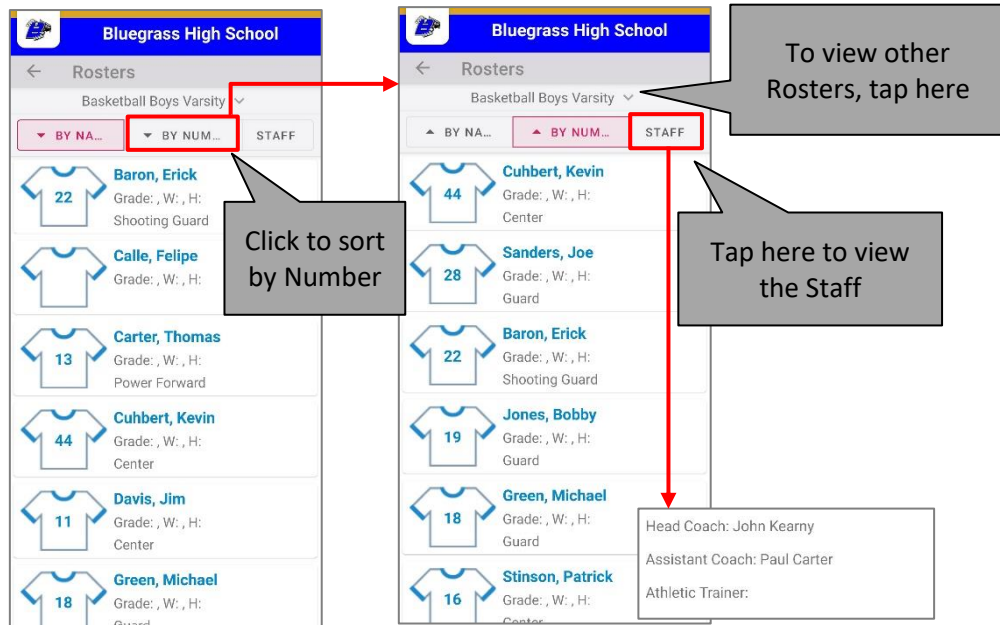

To share Scores on social media (Facebook and Twitter):

**Viewing Rosters** – Tap on the **Rosters Icon** to view the rosters.

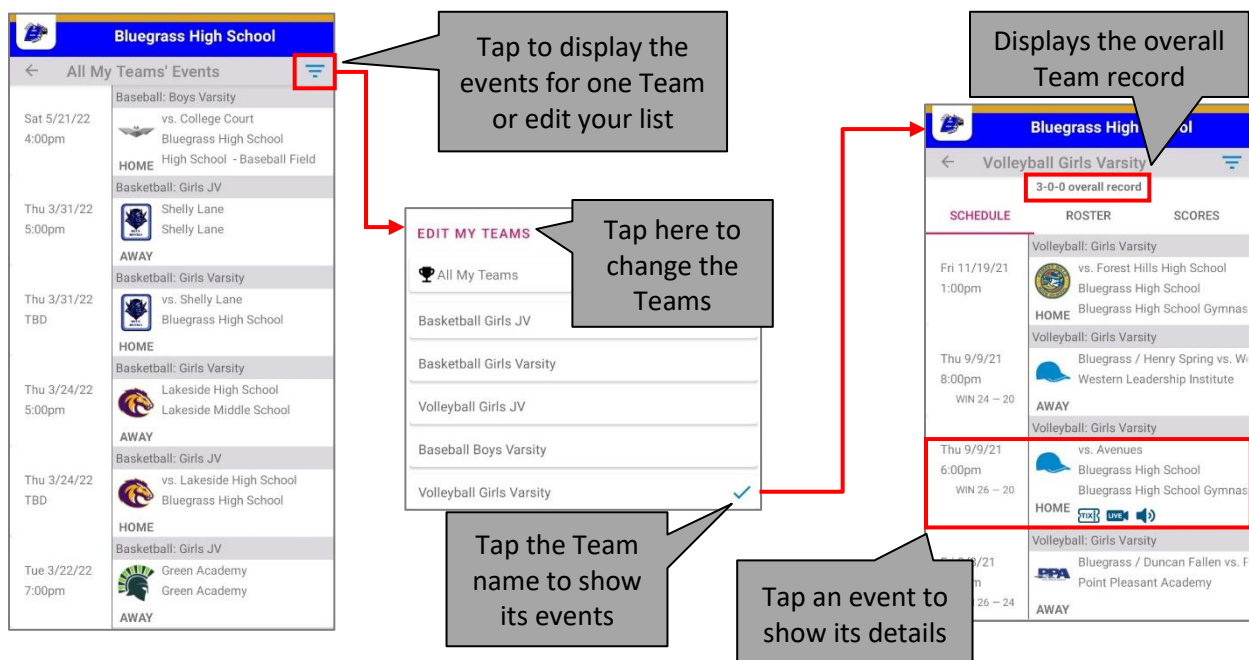

Students in the Roster can be viewed according to their names or jersey numbers.

**Managing Teams** – Athletic Directors and Coaches can view and manage teams by tapping on **My Teams Icon**. Default Teams can be selected to display events.

Once the selected Teams are saved, the application displays all the events by default.

Here are the details of the selected event:

Displays the Scores

If the school has no logo added to its Activity Scheduler, the mobile application uses this icon as the default logo

Tap here to view the Rosters or Comments
